Gourmet Convenience

Product sheet

Gourmet Convenience traditional meat dishes

The assortment of "Gourmet Convenience" pre-cooked meat dishes consists of different types of Pork and Beef meat that is cooked to traditional recipes and that brings to mind the taste of meat from days in the past. Meat dishes that normally take a couple of hours to slow-cook can be prepared in a matter of minutes by consumers. Our preparation method guarantees juicy, great tasting meat that only slow-cooking can give. The meat dishes are prepared using excellent quality special cuts of meat that are traditionally used for these recipes. Mildly seasoned to agree with consumers' tastes, these dishes only need a few minutes in the microwave and they are ready to serve with a side dish of vegetables to complete these healthy and convenient meals.

Preparation advice (stated on the packaging):

Microwave

Remove upper seal. Place the tray at 700 W in the microwave for 4 minutes. After heating, wait for 30 seconds before opening the package. When opening the package, be aware of the hot steam that may be released.
